HURT.—Two young men living in this vicinity were amusing themselves and a number of bystanders by wrestling up town Tuesday, when one fell, having the misfortune to dislocate his shoulder in the fall. Dr. Siewers set things to rights.

Twenty-five cars and one engine brought up the whole show.

Performance fair, and animals good.

See the new advertisement of Helmick's Hard Times Treasury. A valuable collection of music offered cheap.

says: The Magistrates of Stokes county last week determined to establish an inferior court by a vote of 7 to 6, and elected J. F. Hill to preside, and J. Y. Allen and J. L. Smith associates; W. W. King Solicitor and devolved the duties of Clerk on the Clerk of the Superior Court.

It was decided by the Magistrates that two terms of this Court would annually suffice for Stokes county, and the time for holding the first session was fixed for the first Monday in February, 1878, and that of the second, the first Monday of the August following.

Magistrates were instructed to bind over to the next term of Court, whether the Inferior or Superior Court term.

On Monday of last week, thirty-four chattel mortgages were registered in Stokes, and all to secure debts to one man.

Messrs. William Newsum, E. W. Collier, John Martin and James M. Fulton, were duly appointed and qualified as Magistrates.

## Kernersville Letter.

Messrs. EDITORS.—The Moravian Protracted Meeting came off here, beginning on Friday evening before the 5th Sunday in September (30). There was likewise meeting on Saturday night.

Sunday proved to be a beautiful day, and Bishop E. A. DeSchwinitz and Mr. James Hall, a native Salemite and a recent graduate of our Moravian Theological Institution, came to our help. The Bishop preached at 11 o'clock from Luke 16—31; Mr. Hall from Isaiah 45—52, and for a young man, he made a very favorable impression on his hearers, and if he should come again, he will find a congregation to listen to him.

After the afternoon service, these brethren took tea with Mr. and Mrs. Israel Kerner, and both testify that they fed well. At night, as there was nobody else to preach, it fell, as usual, to the pastor's share, and the house was crowded to overflowing.

On Monday and Monday night I again preached, a brother that was expected having failed to put in an appearance, and on Tuesday night we closed up. I am sorry I had no help after Sunday, as the people seemed interested in the meeting and turned out well all the time, but when one does all he can he can do no more.

We have had several cool nights, almost frost. Old Mr. John F. Kerner says, there was a killing frost on the night of the 3rd of September, 1816, nearly all the corn was ruined; and the next year, 1817, was remembered for a long time as the hard year.

On next Friday, the 12th of October, Miss and Mrs. Rights' Summer School will close with an entertainment at night. This school has gone on now over two years, and notwithstanding there have been two other schools in the place, it has not only held its own, but it has gained in favor with the citizens.

Our tobacco raisers are in a terrible frustration, but if Jack Frost will only hold off a few days more, they'll snap their fingers at him, and let him come and welcome, the tobacco will all be safely housed.

C. L. R. Kernersville, Oct. 8th, 1877.

### Good Use for a Dime.

We advise all our readers to forward their address and 10 cents to Orange Judd Co., 245 Broadway, New York, who make a special offer to send for this sum (half price and postage) the number for October 1st, of the *American Agriculturist*. This splendid number, besides over 50 engravings, contains a great amount of useful, practical, reliable, seasonable information, not only for the Farm and Garden, but for the Household, Children included. Most will get from it hints and suggestions worth ten or twenty times the cost. Better still, to send \$1.00 and receive the paper, post-paid, from now to the end of 1878—that is, all of volume 37, with the rest of this year free. (Two copies for \$1.50 each. Nowhere else can one get so much really valuable, paying information for so little money—not 3 cents a week, a sum easily saved or produced extra, which the paper will be sure to help one to do. This Journal is prepared by practical men and women, who know what they talk and write about from actual experience and large observation, and they can do greatly aid others to profitable planning and working. Many single hints and suggestions each abundantly repay a year's cost. The fearless exposures of quackery and humbugs in every number, are invaluable, and have saved his readers and the country millions of dollars. The departments for the Household and Children are pleasing and instructive. Every number of the paper is beautifully illustrated. In short, the *American Agriculturist* is full of good things, for every man, woman and child, in city, village and country. Take our advice and send \$1.00 for 14 months, or at least send a Dime for the half-price specimen now offered, and see it for yourselves.
